

AIA
Inland California

September Chapter Program

When

Wednesday, September 20, 2017
from 6:00 PM to 7:30 PM PDT

[Add to Calendar](#)

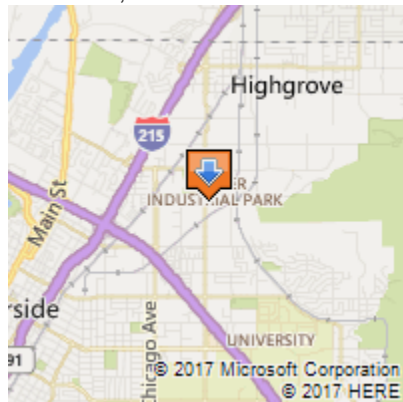

6:00 pm - 6:30 pm
Social Networking
with food and beverage
6:30 pm – 7:30 pm Program

With the exciting opening of Los Angeles's Angel's Flight taking place this month, there's no better time to hear the behind-the-scenes story of how the historic railway was redone using the most advanced 3D laser scanning techniques!

Brian Laird, 3D Laser Scanning Manager at Rick Engineering Company will tell us about the technical aspect of this landmark project.

Where

Rick Engineering Company
1770 Iowa Avenue
Suite 100
Riverside, CA 92507

[Driving Directions](#)

Our host and chapter Corporate Sponsor the Riverside office of Rick Engineering Company was established in 1987, and has been an important part of the community ever since. The Riverside office has offered its services of land planning, civil engineering, surveying and aerial photogrammetry for projects covering three counties: Riverside, San Bernardino and Los Angeles. Over the last decade the Counties of Riverside and San Bernardino have been some of the fastest growing areas in the country today, covering a combined area of 27,630 square miles.
